SpaceMouse® Compact

Produkt	SpaceMouse® Compact
Dokumententyp	Product Copy Master Document (PCMD)
Kategorie	3D Mouse
Sprache	EN

Teilenummer	3DX-700059
EAN/UPC	4 260016 340880 / 8 21123 70028 4

Product Claim

Designed for Advanced 3D Navigation

Product Copy short

With its iconic, pure design the SpaceMouse Compact was developed for users who search for an intuitive, precise and effortless navigation within the 3D environment of their CAD applications.

Product Copy middle

The SpaceMouse Compact was developed to deliver an Intuitive, effortless and precise 3D navigation in CAD applications that cannot be experienced by using a standard mouse and keyboard. It is the ideal tool for modern engineers, architects and designers to review 3D designs and explore 3D spaces.

Designed For Advanced 3d Navigation

The SpaceMouse Compact was developed to deliver an Intuitive, effortless and precise 3D navigation in CAD applications that cannot be experienced by using a standard mouse and keyboard. It is the ideal tool for modern engineers, architects and designers to review 3D designs and explore 3D spaces.

Immersive Navigation of 3D Designs

3Dconnexions patented 6-Degrees-of-Freedom (6DoF) sensor is specifically designed to manipulate digital content or camera positions in the industry-leading CAD applications. Simply push, pull, twist or tilt the 3Dconnexion controller cap to intuitively pan, zoom and rotate your 3D drawing. Your other hand is now free to simultaneously use your standard mouse to select, create or edit your model.

Compact Footprint

With its iconic, pure design SpaceMouse Compact is small enough to fit on every desk while the brushed steel base ensures the device stability for precise 3D navigation.

Easy to use

Each of the SpaceMouse Compact's two buttons opens its own 3Dconnexion radial menu*. They provide direct access to up to 8 of your favourite application commands. With our software 3DxWare 10 you easily create your own radial menus in seconds or choose from useful presets.

*Only with 3DxWare 10. Driver update may be required.

Single driver. Multiple devices.

3DxWare 10 is the single driver foundation for all your 3Dconnexion devices. Its simple, yet powerful interface makes it easy to individualize all your 3Dconnexion products for peak performance.

Features and Functions

- **3 Professional 3D Navigation in CAD** – Intuitively and precisely navigate digital models or views with the patented Six-Degrees-of-Freedom (6DoF) sensor.
- **Pure, functional design** – Small footprint, elegant brushed steel base, two conveniently positioned buttons.

Technical Specifications

- Patented 3Dconnexion® six-degrees-of-freedom (6DoF) sensor
- Dimensions (LxWxH): 77mm x 77mm x 54mm (3,03 inches x 3,03 inches x 2,13 inches)
- Weight: 480g (16,93 oz)
- 2-year warranty

Package contents

- 3Dconnexion SpaceMouse Compact

System Requirements

- Windows 7 SP1, Windows 8.1, Windows 10
- Mac OS X 10.10. or higher
- Linux Redhat Enterprise WS 4, SuSE Linux 9.3, Sun Solaris 8 (SPARC), Sun Solaris 10 (x86)
- USB 1.1

Certifications and Registrations

CE, FCC, RCM, BSMI, ROHS, WEEE, NCC, MIC, IC
